MedicAlert® e-Referral Process in Medtech™ Evolution

The launch MedicAlert e-referral button is clearly visible under the ManageMyHealth Tab.
To complete the form, please follow the same process record in Part 4 of this Document.
MedicAlert® e-Referral Process in Medtech32™

Part 1: Setting up the MedicAlert icon on the Tool Bar
Part 2: Select and Add a Patient to the Palette

Part 3 - Option 1: Launch MedicAlert Referral using the MedicAlert Tool Bar Icon
MedicAlert® e-Referral Process in Medtech32™

Part 3 - Option 2: Launch MedicAlert Referral using the ManageMyHealth Menu Bar

Part 4: Complete and Send the MedicAlert e-Referral Form. (Example is ‘Test Only’ data)
A MedicAlert e-Referral form must be processed by a registered health practitioner. It is preferred that the GP complete this process during the patient consultation.

The Doctor may prefer in some cases to have the practices registered nurse complete the referral, if so please be aware that the individual who is logged in to the computer when the form is loaded, will have their details automatically loaded including their registration number, under the heading ‘Doctors Details’. If a nurse is processing the referral on behalf of a doctor, MedicAlert requires the nurse to remove their information and load the patient’s doctor information. The Doctor must be recorded on the patient’s record in case of emergency.
MedicAlert® e-Referral Process in Medtech32™

**Step 1:** Please fill in empty fields.

Then select ‘Tick Boxes’ to inform the Foundation of what information you consider most important: ‘Emergent’ or ‘Warning’

Finally, please select ‘Engrave’ for vital information that is required if your patient is found unconscious, unidentifiable or when power or data systems fail, during a civil or medical emergency.

**Step 2:** Click ‘Send e-Referral’

**Step 3:** Click OK, when ‘Referred Successfully’ Pops up

Then allow time for the Print Forms screen to load.
Part 5: Printing Patient Handouts: Informed consent, enrolment details or the Disability Allowance Application form.

Disability Allowance Application:
If your patient is exposed to Financial Hardship, the Government may pay their MedicAlert Annual Fees (which fund the Charities operation), through a Disability Allowance. $50/annum (2020).

Please complete the Doctor section of the Disability Allowance application form and notify the Foundation if Hardship is an issue it may need to consider for this Patient. Inquiry@MedicAlert.co.nz, or free phone 800 840 111 (8.30am to 5pm)

Complete: No other forms required
The Foundation contacts your patient upon receipt of the e-Referral to obtain their informed consent/agreement to T&C's and any payment required, before finalising their enrolment.

Dr Marion Collins (Founder)
“I have saved more lives with MedicAlert, then I could ever have saved in my consultation room”
